DR. KEYSER'S

PECTORAL SYRUP

CURES CONSUMPTION, CURES BRONCHITIS,

CURES COLDS, CURES ASTHMA,

CURES ALL DISEASES OF THE LUNGS.

I INVITE ATTENTION to some of the most extraordinary cures by my

PECTORAL SYRUP!

They are at home and any one who has doubts can inquire of the persons who have been cured by it.

Dr. KEYSER IS PREPARED AT ANY TIME TO EXAMINE LUNGS, WITHOUT CHARGE, FOR ALL THOSE WHO NEED HIS MEDICINE.

ATTEND TO YOUR COLDS.—A case of five years standing cured by

DR. KEYSER'S
PECTORAL SYRUP.

PITTSBURG, Jan. 11th, 1860.

DR. KEYSER:—My wife has been afflicted with a bad cough and difficulty of breathing for five or six years, which for several years back had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case I procured some of your Pectoral Cough Syrup. I bought the first time a fifty cent bottle, which relieved her very much; I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself to a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire to do so.

WM. WILSON,
Alderman, Fifth Ward.

PITTSBURG, Nov. 16th, 1858.

DR. KEYSER:—Although not an advocate of Patent Medicine in general, it affords me great pleasure to recommend your Pectoral Syrup. As a medicine it is well worthy the attention of any person who may in any manner be affected with coughs, colds and hoarseness of any kind, and for the peculiar qualifications for removing all that disagreeable sensation attending a cold.

I have been more or less, in my life affected with the severest colds of hoarseness. At times my throat would become so closed as to prevent my speaking above a whisper, and by taking a few doses of the above Syrup it would relieve me entirely.

In recommending this medicine, I must unhesitatingly say that it is the best medicine I ever found, purporting to cure the above; nor should any family be without this remedy for diseases so prevalent.

Yours, most respectfully,
EDWARD J. JONES,
Cashier, Citizens' Deposit Bank.

STEUBENVILLE, O., March 14th, 1859.

I have used Dr. Keyser's Cough Syrup for a bad cough of several years standing, and can cheerfully say it is the best Medicine for the same that I have ever taken.

J. W. PRICE.

COL. PRATT AND DR. KEYSER'S PECTORAL SYRUP.—DR. KEYSER—Dear Sir: Excuse the delay of my acknowledging the excellence of your Pectoral Syrup sooner. I take great pleasure in saying that it is all you say it is. IT KNOCKED THE NOISE OUT OF MY COUGH, and the worst one I was ever afflicted with; I have not used more than one half of the bottle, and can and do wish that it who are afflicted would give it as fair a trial as I have done, and they will be proud to say, "It is no quack medicine." I would not suffer another such an attack for any consideration, or at any cost. I am confident I can breathe more freely than I ever did. I shall always acknowledge a debt of gratitude for inventing so excellent a remedy.—You are at liberty to use my name in this regard, as you think proper.

E. F. PRATT.
Messenger, Common Council, Pittsburgh, Pa.

PITTSBURG, May 11th, 1859.

N. B.—I am no stranger to my fellow citizens, and all who entertain doubts can consult me personally.

E. F. P.

READ THE TRUTH—DR. KEYSER: I have a daughter who has taken several medicines for a bad cough, who has taken several medicines for a bad cough, without benefit—among them Ayer's Cherry Pectoral. I purchased from you a bottle of your PECTORAL SYRUP, and before she had used half a bottle she was relieved. The second bottle cured her entirely of her cough.

JOHN DARIN,
Robison street, Allegheny.

PITTSBURG, December 31st, 1853.

A GREAT CURE BY DR. KEYSER'S PECTORAL SYRUP.—I live in Peebles township, Allegheny county. I had a coughing and spitting, which commenced about the 4th of February last, and continued eight months. I employed the best physicians in the country, and my cough continued unabated until early in October. At that time I was advised to try your PECTORAL SYRUP, which I did, and after I had taken one bottle I was entirely free from the coughing and spitting. I had dispaired of ever getting well, and I think it should be known that this valuable remedy will do for others what it has done in my case.

JOHN C. LITTLE, Peebles township.
Witness—B. M. KERR.

PATTON TOWNSHIP, April 14th, 1857.

A WONDERFUL CURE.—Some time ago, an old neighbor of mine was very ill with a bad cough which every one supposed to be consumption. His relatives told me he had taken every remedy they heard of without benefit; his brother came to see him die, and all were confirmed in the belief that he could not live. I had about the third of a bottle of your Pectoral Syrup, which I gave him, and it entirely cured him, to the astonishment of all. What makes the case more remarkable, is the extreme age of the man, he being about eighty years old. I have no doubt the Pectoral saved his life.

JOHN M'GINNIS.

DR. KEYSER'S PECTORAL SYRUP IN BLAIRSVILLE.—Please send me another supply of your valuable "Pectoral Syrup." Almost everybody around us has the cold and are inquiring for "Dr. Keyser's Pectoral Syrup." We have sold sixteen bottles last week, and are now entirely out. Mr. Alter and Mr. P. Maher, both of Blairsville, Pa., tell us they would not be without it in their families. In fact, all who use it once want it again.

J. S. WATTERSON & SON'S.
January 30th, 1860.

ANOTHER NEW CERTIFICATE—DR. KEYSER'S PECTORAL SYRUP.—I have been troubled with a cough and cold for several weeks—so bad was it that I could not sleep. I had the advice and prescriptions from three of the best physicians in the city, whom I could name, but do not do so. I finally procured a bottle of your Pectoral Syrup, which cured me entirely. Signed,

J. W. SIMONTON,
236 Liberty St., Pittsburg, Pa., Jan. 9th, 1860.

"STOP THAT COUGHING."—"How can I do it?"—"Go to Keyser's on Wood street and get a bottle of his Cough Pectoral, and if that don't cure you, your case must be desperate indeed." This is a specimen of the colloquy one hears almost every day in cold catching seasons of the year. As we can, from actual experiment, cheerfully concur in the adviser's admonition as above, for we have tried the "Pectoral" in a most stubborn case, with entire success. Near two weeks ago we went to Pittsburg with one of the most distressing contrary, mulish, unmistakable coughs we have ever experienced since our advent upon this mundane sphere. We coughed steadily and laboriously for one whole week, in hopes of tiring it out, but it was no go. In fact it seemed rather to improve by practice and to have acquired strength, potency and distressibility by the operation. In this state of the siege, we coughed our way to Keyser's, 140 Wood street, procured a fifty cent bottle of the Pectoral, took it according to directions, and in forty-eight hours we were master of the field, the enemy having unconditionally surrendered after a brief but unequal conflict with so formidable an adversary as Keyser's Cough Pectoral.—Brownsville Clipper, Dec. 14th, 1859.

IF YOU LOVE ME, SAY SO.

BY FINLEY JOHNSON.

Your eyes, dear one, are like the stars
Within the the heavens shining;
Your tresses fair around your brow
Are delicately twining;
And as they fall upon your neck,
They fairly like do play so,
That I can but this question ask,—
"Oh, if you love me, say so."

Your mouth is like a rose bud, love,
With rows of pearl adjoining;
Your breath is like the sweet perfume
Of a fair summer morning;
But as I gaze upon your charms,
My trembling heart does ache so
I can but still the words repeat—
"Oh, if you love me, say so."

The fragrant roses, as you pass,
Though in their bloom and beauty,
Within their petals shrink and gaze,
And deem it but their duty;
For they are envious of your charms,—
Then why do you delay so?
Oh, why not banish all my fears,
And if you love me, say so?

THE VOICE THAT WINS ITS WAY.

If words could satisfy the heart,
The heart might find less care;
But words, like summer birds, depart,
And leave but empty air.

A little said, and truly said,
Can deeper joy impart
Than hosts of words which reach the head
But never touch the heart.

A voice that wins its sunny way
A lonely home to cheer,
Hath oft, the fewest words to say,
But, O, those few, how dear!

Select Miscellany.

MATRIMONIAL INFELICITIES.

BY AN IRRITABLE HUSBAND.

"My dear," I said to the lady who was seated opposite to me at the breakfast table, and who has the good fortune to be my wife, "if there be one thing I dislike more than another, it is to receive a cup of coffee that looks as if it had been sipped from before it reached my hands.—Have I not often asked you to fill my cup to within an eighth of an inch of three quarters full?"

"You are as particular as an old bachelor," the estimable lady replied, "and if I had known it before I married you, this day would not have seen me your wife.—There, sir, is your cup of coffee. I hope it will suit you."

"Good gracious!" I exclaimed, as I took the cup, "now you've managed to run it over. You certainly must be aware that if there be one thing I dislike more than another, it is to find slops in my saucer."

"Well, if you will insist on my filling the cup, you must expect that sometimes I shall spill it over; besides, your finding fault with me does no good, but makes me nervous, and causes my hand to tremble, so that I only wonder there is any coffee left in the cup. But here is a clean saucer, in place of the one you have."

Having effected this important change, I tasted the contents of my cup. It was evident to me that there was no sugar in it. I tasted it again to make certain of the fact. Then I said to her:

"You have neglected to put sugar into my coffee. If there be one thing I dislike more than another, it is coffee unsweetened."

"I am certain," replied my estimable spouse, "that I did sweeten it. I don't think you have stirred it."

"But I know I have," I answered.

"Not with your spoon," said the provoking woman, "for it is perfectly dry; perhaps, however, you used your fork."

"Pshaw!" was all the answer I vouchsafed to this remark.

"Now, I declare," I said, after having stirred and sipped my coffee, "you have made it too sweet. If there is one thing I dislike more than another, it is to have my coffee taste like syrup."

"Let me put more milk with it then?" said the obliging woman.

"No, I thank you," I replied, "I don't care to have my stomach turned into a dairy. If there be one thing I dislike more than another, it is milk. I gave up milk diet when I cut my first teeth."

"It is to be hoped that you will give up the habit of fault-finding, which you possess in an eminent degree, when you come to cut your wisdom teeth, though no one can tell when that will be."

"Thank you," I replied; "you will probably be the first one who will know it when it occurs."

"And a happy day it will be for me," she answered, with provoking calmness. "Few know, though, how much unhappiness your constant fault finding causes me. Nothing I do seems to give you satisfaction. There isn't a moment elapses, while you are in the house, save when you're asleep, but you are thus occupied. The truth is, I have always been too indulgent with you; and humor you when I ought not. I did not commence right in the first place. I should have paid no attention to your whims, but studied my own convenience and comfort, instead of seeking to make everything smooth and pleasant for you. Then I would have got along much better. Oh, you men are great tyrants; and if a woman yields to you in the least, you follow up your advantage, and bend her will to yours, and crush her spirit to the earth; till, by and by, you break her heart."

"My dear, I will thank you for another cup of coffee," I said, passing my cup to her; "but be careful not to run it over, nor get it too sweet, nor put in too much milk. What an intolerable steak this is," I added; "it is tough enough to have been cut from one of the cattle pastured upon a thousand hills, more than a thousand years ago. If there be one thing I dislike more than another, it is a tough beefsteak."

"You ordered it yourself, from the market, so you needn't find fault with me on account of it. I knew it was tough the moment I looked at it."

"Then why didn't you send it back?" I inquired.

"Because it was of your selection, I supposed you wanted a tough one; besides, if I had returned it, you would have found fault with me for doing so."

"Well, I can't eat it, that's certain," I said; "so it had better be taken off of the table. I shan't throw any more money away on beefsteaks."

"Oh, it will answer for hash," said my economical wife, "and you can have it for dinner."

"Hash!" I exclaimed. "If there be one thing I dislike more than another, it is hash. Hash is only fit for children and old people without teeth. Besides, it is a popular dish at boarding-schools and boarding-houses; and when I was a boy, and afterward while a bachelor, I ate my share of it, and I'm not going to eat any more. No, we will have a turkey for dinner."

"Very well," said my spouse, "a turkey let it be. Shall I see to getting one?"

"I think not," I answered. "The fact is, that all the turkeys you select turn out to be like the celebrated one of which Job was the the reputed owner—poor and tough. No I'll buy the turkey, and you can cook it."

"Very well," said the imperturbable lady.

"But how will you have it cooked?"

"Oh, any way; suit yourself," I answered.

"Then I think I will roast it," she replied.

"Roast it!" I exclaimed. "That is just like you. Now, you know if there be one thing I dislike more than another, it is to have a turkey roasted."

"Very well, then," said the accommodating woman, "I will boil it."

"Boil it!" I said, aghast. "Boil soup, boil lamb chops, boil cherries, if you like, but never, for me, boil a turkey."

"Pray, then, how will you have it cooked? Only tell me, and it shall be done.

"Why—why—well—fricasee it of course," I answered, triumphantly.

"Very well," said the lady, looking, however, as if it were not very well.

"Why can't you say something else besides 'very well?'" I asked. "What a provoking woman you are, to be sure."

"Not half as provoking as you are," she replied.

"Now, then, you wish to make me angry, I suppose; but you can't do it," I said. "I have put up with everything all through breakfast, and I am not going to be provoked just as I am finishing."

"I am sure I do not wish to provoke you," my wife said, in a most innocent and aggrieved manner.

"But you most certainly do provoke me," I replied.

"Then I am sorry for it," she answered, in a softened tone, "for such was not my intention."

I looked across the table at my wife; something like a tear rolled down her cheek.

"Goodness!" I whispered to myself, "I have made my wife weep. What—a—what—a—brute I am."

Then, speaking aloud, I exclaimed:

"Darling!"

"Well," was her calm reply.

"Do you know," I continued, "that if there be one thing I dislike more than another, it is a tear."

She answered with a sad smile.

"Sweetheart," I said.

"Well?"

"Cook the turkey any way you please."

She shook her head.

I left my seat, (having finished my breakfast,) went to her side, and, smoothing her pale, wan cheek with my hand, kissed it, and said:

"Forgive me dear, this time."

She smiled dubiously, as if "this time" was only one out of the "seventy-times seven" which she would be called on to forgive during our matrimonial career; but, nevertheless, the pressure of her hand, which I had taken, assured me that peace was made.

THERE IS ROOM.—What a glorious declaration is this in regard to the gospel! There yet is room. Millions have been saved, but there yet is room. Millions have been invited, and have come, and have gone to Heaven—but Heaven is not yet full. There is a banquet there which no number can exhaust; there are fountains there which no number can drink dry; there are harps there which other hands can strike; and there are seats there which others may occupy. Heaven is not full, and there yet is room. The Sabbath School teacher may say to his class, there yet is room; the minister of the gospel may go and say to the wide world, there yet is room. The mercy of God is not exhausted; the blood of the atonement has not lost its efficacy. Heaven is not yet full. What a sad message it *would* be if we were compelled to go and say—"There is no more room. Heaven is full. No other one can be saved. No matter what their prayers, or tears, or sighs, they cannot be saved. Every place is filled; every seat is occupied!" But, thanks be to God, this is not the message we are to bear, and if there yet is room, come sinners, young and old, and enter into Heaven. Fill up that room, that Heaven may be full of the happy and the blessed. If any part of the universe is to be vacant, oh, let it be the dark world of woe!—*Albert Barnes.*

WOMEN BORN TO DO THE LOVING.—That nature has ordained love as women's task, more than man's, is thus declared by a late moralist:

With man, love is never a passion of such intensity as with woman. She is a being of sensibility, existing only in the outpourings and sympathies of her emotions. Every earthly blessing, nay every heavenly hope, will be sacrificed for her affections. She will leave the sunny home of her childhood—the protecting home of her kindred—forget the councils of her sire, the admonishing voice of that mother on whose bosom her head had been pillowed—do all that women can do consistently with honor—forsake all that she has clung to in her girlish simplicity for years, and throw herself into the arms of the man she idolizes. He that would forsake a woman after these testimonies of affection, is too gross a villain to be called a man.

☞ Have you ever watched an icicle as it formed? You noticed how it froze one drop at a time until it was a foot long, or more. If the water was clean, the icicle remained clear, and sparkled brightly in the sun; but if the water was but slightly muddy, the icicle looked foul, and its beauty was spoiled. Just so our characters are forming—one little thought, or feeling at a time adds to its influence. If each thought be pure and right, the soul will be lovely, and will sparkle with happiness; but if impure and wrong, there will be a final deformity and wretchedness.

FOR LITTLE BOYS.—If your sister while tenderly engaged in a tender conversation with her tender sweetheart, asks you to bring a glass of water from an adjoining room, you can start on the errand, but need not return. You will not be missed, that's certain—we've seen it tried. Don't forget, this little boys.

TO PREVENT SKIPPERS IN HAMS.—In a communication to the *Cotton Planter*, Mr. W. M'Willie says: "There is accorcording to my experience, nothing easier than to avoid the skipper and other worms and bugs that infest and destroy bacon.—It is simply to keep your smoke house dark, and the moth that deposits the eggs never enters it. For the past 25 years I have attended to this, and never have had my bacon troubled with insects. I have hanging in my smoke house, hams one, two and three years old, and the oldest are as free from insects as when first hung up.

A PUZZLE.—A just but a severe man built a gallows on a bridge, and asked every passenger whither he was going. If he answered truly, he passed unharmed; if falsely, he was hanged on the gallows. One day a passenger being asked the usual question, answered, "I am going to be hanged on the gallows." "Now," said the gallows-builder, "if I hang this man, he will have answered truly, and ought not to have been hanged; if I do not hang him, he will have answered falsely, and ought to have been hanged." It is not recorded what decision he came to.

RENOVATION.—The editor of the New England *Farmer* says that a gentleman residing in Cambridge informs him that charcoal placed around the roots of diseased peach stocks was serviceable. He immediately removed the soil from around the trunk of a sickly tree in his garden, supplied its place with charcoal, and was surprised at its sudden renovation and subsequent rapidity of growth, and the tenacity with which the fruit held on the branches, and the unusual richness of its flavor when matured.

☞ A girl going to market with a basket of eggs on her head, had them knocked off by a rowdy, for which he was fined, and had to pay for the eggs. When asked how many eggs she had, the answer was: "When I put them in two at a time, there was one over; three at a time, one over; and when I put in four, five or six at a time, there was one over; but when I put them in seven at a time, they came out even." How many eggs had he to pay for?

OUR PAPER.

We were unavoidably prevented from issuing our papor at the regular time, last week, and had not intended issuing this number until our regular publication day, this week, but the war news is of such an important character, that we determined on giving it to our readers as early as possible, and we have consequently hurried up our paper to-day. (Monday) We give all the news received by telegraph up to the time we go to press, 6 P. M. In our haste to get out this number we may overlook some items of local interest which should be noticed, but as we intend to issue again on Friday morning, we will attend to them at that time.

Reception of the News.

Great excitement prevailed in this place on Saturday, and yesterday, and has not abated much this (Monday) morning.—The report of the surrender of Maj. Anderson was received with discredit, and some do not yet believe it, although we think it but too true. That the laws of the United States should be maintained we believe to be the unanimous sentiment of our citizens. The conflict has been commenced, and the first shots fired by the secessionists. The beginning we now have, and God only knows what the end shall be. If there be a peaceable and an honorable way of preventing the effusion of fraternal blood, we hope our authorities may speedily discover it. We need not here review the progress that has been made, and the preparations now making for an extended conflict, as these are detailed in the despatches published elsewhere. We refer our readers, particularly, to the bills recently passed by the Legislature.

Let every person read the Proclamation by the President. The Democracy have placed themselves right on the record—see dispatches from Harrisburg. The Union and fighting feeling is rising everywhere. The stars and stripes have been hoisted over Jaggard's building, on Virginia street. They will be thrown to the breeze from other houses to-day.

An Important Bill.

The following bill passed the Senate unanimously on Saturday afternoon last. We hope some of our people will examine it carefully:

AN ACT supplementary to an Act to consolodate, revise and amend the penal laws of this Commonwealth, approved the thirty-first day of March, Anno Domino, one thousand eight hundred and sixty.

SEC. 1. *Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania, in General Assembly met, and it is hereby enacted by the authority of the same*, That if any person or persons belonging to or residing within this State and under the protection of its laws shall take a commission or commissions from any person, State or States, or other enemies of this State or the United States of America, or who shall levy war against this State or Government thereof, or knowingly and willingly shall aid or assist any enemies in open war against this State or the United State, by joining their armies, or by enlisting or procuring or persauding others to enlist for that purpose or by furnishing such enemies with arms or ammunition, or any other articles for their aid and comfort, or by carrying on a traitorous correspondence with them, or shall form or be in anywise concerned in forming any combination or plot or conspiracy for betraying this State or the United States of America into the hands or power of any foreign enemy or any organized or pretended government engaged in resisting the laws of the United States, or shall give or send any intelligence to the enemies of this State or of the United States of America for that purpose, every person so offending and being legally convicted thereof, shall be guilty of a high misdemeanor, and shall be sentenced to undergo an imprisonment for a term not exceeding ten years, and be fined in a sum not exceeding five thousand dollars or both at the discretion of the Court. *Provided*, That this Act shall not prohibit any citizen from taking or receiving civil commissions for the acknowledgement of deeds and other instruments of writing.

SEC. 2. That if any person or persons within this Commonwealth shall build, or construct, alter or fit out, or shall aid or assist in building, constructing, altering or fitting out any vessel or vessels for the purpose of making war or privateering, or other purpose, to be used in the service of any person or parties whatsoever to make war on the United States of America, or to resist by force the execution of the laws of the United States, such person or persons shall be guilty of a misdemeanor, and on conviction thereof, shall be sentenced to undergo an imprisonment at labor, not exceeding ten years, and be fined in a sum not exceeding five thousand dollars, or both at the discretion of the Court.

HOW THE NEWS IS RECEIVED.

The following despatches we copy from the *Harrisburg Telegraph* of Saturday afternoon:

CHARLESTON, April 13.

The cannonading is going on fiercely from all points from the vessels of war outside and all along the coast. Fort Sumpter is now on fire.

SECOND DISPATCH.

CHARLESTON, April 13, 11, A. M.—At intervals of twenty minutes, the firing was kept up all night on Fort Sumpter. Major Anderson ceased to fire at six o'clock in the evening. All night he was engaged in repairing damages done to the fort, and protecting the guns in the barbette on the parapet. He commenced to return the fire this morning at 7 o'clock; but seems to be greatly disabled. The battery on Cumming's Point does Fort Sumter great damage.

At nine o'clock this morning a dense smoke poured out from the walls of Fort Sumter. The shells from Fort Moultrie and Morris Island fell into Anderson's stronghold thick and fast.—They can be seen in their course from the Charleston battery. The breach made in Fort Sumter is on the side opposite Cumming's Point. Two of its port holes are knocked into one, and the wall from the top is crumbling. Three vessels, one of them a large sized steamer, are over the bar and seem to be preparing to participate in the conflict.

The fire of Morris Island and Fort Moultrie is divided between Fort Sumpter and the ships of war. The ships have not as yet opened fire.

LATER.

EXPLOSION AT FORT SUMTER.

An explosion occurred at Fort Sumter. A dense volume of smoke was seen suddenly to rise. Major Anderson has ceased to fire for about an hour. It is thought that the officer's quarters in Fort Sumter are on fire.

FROM ANOTHER SOURCE.

CHARLESTON, April, 13, A. M.—The batteries of Sullivan's Island, and Cumming's Point and Steven's Batteries are pouring shot and shell into Fort Sumter. Anderson does not return the fire. Sumter is still on fire. There have just been two explosions at Fort Sumter."

CHARLESTON, April 13.—Two of Major Anderson's Magazines have exploded, it is thought they were only smaller magazines. Only occasional shot are now fired at him from Fort Moultrie, the Morris Island battery is doing heavy work. The greatest excitement prevails in the city, the wharves, steeples, house tops, and every available place is packed with people.—The outside vessels were too late to pass the bar. The ships in the offing have not yet aided Anderson. It is now too late for them to come over the bar, as the tide is ebbing.

THE LATEST.

CHARLESTON, April 13.—NOON.—The ships in the offing appear quietly at anchoring, and have not fired a gun. The entire roofs of Anderson's barracks are in a sheet of flames.—Shells from Cumming's Point and Fort Moultrie are bursting over Fort Sumter in quick succession.

The Federal flag still waves over the Fort.—Major Anderson is only occupied in putting out the fire. Every shot appears to tell, and the spectators are anxiously expecting the striking of the flag.

WASHINGTON, April 13.—Sumter belongs to the enemy.

WASHINGTON, April 13.

The regular troops now here have been ordered to the outskirts of the city, and have proceeded thither to watch every avenue thereto, while the volunteers recently mustered are guarding the armories and public buildings.

Vedettes are constantly seen riding through the streets. There is comparatively but little excitement here with regard to affairs at Charleston.

Captain Wm. B. Johns, of the 3d Infantry, having declined to command his company, was ordered on a particular service. The President directs that he cease to be an officers of the army from Wednesday last. First Lieut. Abner Smead, of the first artillery, having, when with his company, under critical circumstances, tendered his resignation in order to escape from duty therewith, the President directs that he cease to be an officer of the army.

CHARLESTON, April 13.

Intercepted dispatches disclose the fact that Mr. Fox, who had been allowed to visit Major Anderson on the pledge that his purpose was pacific, employed his opportunity to devise a plan for supplying the fort by force; and that this plan had been adopted by the Government at washington, and was in progress of execution.

PROVIDENCE, April 13.

Governor Sprague has tender to the Government the service of the marine artillery and one thousand infantry, and offers to accompany them himself.

BALTIMORE, April 13.

The intelligence from Charleston has produced great excitement, and the anxiety to obtain further news intense. A man made his appearance on the streets with a large secession cockade on his hat. He was pursued by a mob, and was only protected from violence by the interference of the police.

BOSTON, April 13.

The war news produces intense excitement here and throughout the State. The general sentiment is that the Government is right and must be sustained.

STILL LATER.

The following despatches are additional to the above, and were telegraphed to the "associated press" on Sunday morning:

CHARLESTON, April 13.

Ft. Sumter has been unconditionally surrendered. The news has just been received in a reliable shape. Ex-Senator Chestnut, Ex-Gov. Manning and W. Portcher Miles have just landed and marched to the Governor's house followed by a dense crowd of people who are wild with joy. It was reported that ten of the garrison were killed, but your reporter has just had an interview with W. P. Miles, who has just returned from a visit to Ft. Sumter, and is assured by him that no one was killed. The Federal flag was shot away by the Palmetto Guards at Morris' Island. In all 2,000 shots were fired. No South Carolinians were hurt. Maj. Anderson's men, under guard, were conveyed by boats to Morris' Island. This is reliable and puts to rest all my previous reports about Ft. Sumter. Maj. Anderson has reached the city and is the guest of Gen. Beauregard.

The bells are ringing out a merry peal and our people are engaging in every demonetration of joy. Our people generally sympathize with Maj. Anderson, but express abhorrence for those who were on the steamers outside our bar and and in sight of us and did not even attempt to re-inforce him. Judge McGrath, who has just returned from Ft. Sumter, reports that the wood work of the fort and officers quarters were all burned out. The fort will be taken possession of to-night by the Confederate troops. Gen. Beauregard, with two aids, has left Ft. Sumter. Three fire companies are now on their way to Sumter to quell the fire before it reaches the magazine.

SECOND DESPATCH.

CHARLESTON, April 13.—A letter from Fort Moultrie, dated 6 o'clock this A. M., says not a man was killed or wounded during yesterday's engagements, only the Iron Battery has been damaged. The rifled cannon of the battery did great execution on Sumpter. They were all aimed into the port holes. Three of Sumpter's barbette guns were dismantled, and a corner of Sumpter opposite Moultrie knocked away.

WASHINGTON, April 13th.

In Mr. Lincoln's reply to the Virginia Commissioners, after expresing his regret that the public mind is still uncertain as to his course and re-affirming the policy marked out in his inaugural address, but if, as it now appears to be true, in the pursuit of a purpose to drive the U. S. authority from those places, an unprovoked assault has been made upon Ft. Sumpter, I shall hold myself at liberty to repossess, if I can, like places which had been seized before the Government was devolved upon me, and in any event I shall to the best of my ability repel force by force. In case it proves true that Ft. Sumpter has been assaulted, as is now reported, I shall perhaps cause the U. S. mails to be withdrawn from all the States which claim to have seceded, believing that the commencement of actual war against the Government justifies and positively demands it. Whatever else I may do for the purpose I shall not attempt to collect the duties and imposts by any invasion of any part of the country, not meaning by this however that I may not land a force, if deemed necessary to relieve a fort upon the border of the country.

HALIFAX, April 13th.

The intelligence of the bombardment of Ft. Sumpter reached this city this forenoon. The Legislature, amidst intense emotion, passed the following resolution by an unanimous vote:

"Resolved, That this House has heard with the deepest sorrow and regret of the outbreak of civil war among their friends and neighbors in the United States. That this House, without expressing an opinion on the points in controversy between the contending parties, deeply regret that those who speak our language and share our civilization should be shedding each other's blood, and desire to offer up our fervent prayers to the Father of the Universe for the restoration of peace."

NEW ORLEANS, April 18th.

There was a grand muster of military companies this forenoon. Preparations are being made to defend the Mississippi river in the best possible manner.

BOSTON, April 13th.

An intense excitement was created in this city this afternoon by the receipt of the Charleston telegrams. The announcement of surrender of Ft. Sumpter not believed by many; others pronounce it a hoax. A more detailed account of this bloodless battle and surrender is anxiously awaited.

WASHINGTON, April 13th.

Alexander Murray has been appointed Marshal and Robert B. Camochan U. S. District Attorney for the Western District of Pennsylvania.

MONTGOMERY, April 13th.

Ft. Pickens was reinforced last night. It is understood that Charleston is to be blockaded.

Lieut. Werden, of U. S. N., has been taken prisoner and dispatches from Slemmer to Government at Washington obtained.

CHARLESTON, April 13th.

A boat from one of the war vessels on the outside has communication with Gen'l Simons in command of forces on Morris Island and made request that one of the steamers be allowed to enter the Port for the purpose of taking away Anderson and his command. An arrangement has been agreed upon by the parties to stay further proceedings until 9 o'clock to-morrow morning.

RICHMOND, VA., April 13th.

It was openly stated to-day in Convention that after the victory at Charleston the Southern army would march through Virginia to the North and thousands would join them. There are great rejoicings here over the news. 100 guns are being fired and the Confederate flag is displayed at many points The Governor was serenaded this evening. He made a non-committal speech.

THE LATEST.

WASHINGTON, April 14th.

Intense excitement. Administration determined upon a vigorous war policy—calling upon all States for men and money. Traitors have struck the paricidal blow. All honest men should stand by the country. Govs. Curtin and Denniston's offers will be accepted. Troops to concentrate here.

McCullough is hid near this city.

Virginia will not secede.

The War department is busy to-day in the preparation of the details to be communicated to the State authorities.

An additional number of Federal troops arrived to-day by a special train.

The guard at the public departments was largely increased last night. All the roads and avenues leading into Washington are closely watched, and arrangements are made to concentrate the military force at any given point. Information from what was deemed reliable sources was received last night to the effect that the secessionists of Delaware, whose head-quarters are reported to be in Virginia, were about to make a sudden attack on Fort Delaware, for which they were preparing last month. Immediate steps were taken by the Secretary of War to prevent the consummation of this plot.

NEW YORK, April 14th.

Gov. Morgan will to-morrow issue a call for 25,000 men for the assistance of the Government.

A private letter from Gov. Curtin states that Pennsylvania can furnish 100,000 men and have them in Washington City in 48 hours.

Chicago, April 14.—The news of the surrender of Ft. Sumpter created a profound sensation. All parties express a determination to uphold the Government in enforcing the laws and maintaining the supremacy of the nation.—Gov. Yates will issue a proclamation to-morrow, calling for an extra session of the Legislature to meet at Springfield, one week from next Tuesday.

Detroit, April 14.—The unanimous sentiment of the State is that the position assumed by the Goverament must be maintained. A meeting of the members of the detroit bar and influential citizens was held yesterday afternoou, at which resolutions denouncing the rebellious organization called the Confederate States were passed. They declared to stand by the old flag at all hazards.

Charleston, April 14.—Major Anderson and his men will leave to-night at 11 o'clock, in the steamer Isabel, for New York. The war fleet is still outside. The scene when Major Anderson and his men took leave of Fort Sumpter, was thrilling and impressive.

Baltimore, April 14.—The deep Union sentiment of this city has been displayed unmistakably since Friday. Men with cockades and secession emblems have been chased by crowds, and obliged to seek the protection of the police. The bark Fanny Tenshaw hoisted a secession flag to-day, but a crowd compelled a boy off the Vessel to take it down. The Captain afterwards re-hoisted it, and required a detachment of thirty police to protect it from the people.—The indignation of the people is intense. All the other vessels in port have hoisted the American flag. The Captain of the bark is a Union man, but hoisted the flag under instructions from the owners.

Proclamation of the President

WASHINGTON CITY, April 14.—Whereas, the laws of the United States have been, for some time past, and are now, opposed, and the execution thereof obstructed in the States of South Carolina, Georgia, Alabama, Florida, Mississippi, Louisiana and Texas, by combinations too powerful to be suppressed by the ordinary course of judicial proceedings, or by the powers vested in the Marshals by law.

Now, therefore, I, ABRAHAM LINCOLN, President of the United States, in virtue of the powers in me vested by the Constitution and the laws, have thought fit to call forthwith and hereby do call forth the MILITIA of the several States of the Union, to the aggregate number of SEVENTY-FIVE THOUSAND, in order to suppress the said combination, and "cause the laws to be duly executed."

The details for this object will be immediately communicated to the State authorities, through the War Department. I appeal to all loyal citizens to favor, facilitate and aid this effort to maintain the honor, the integrity and the existence of our National Union, and the perpetuity of the popular Government, and to redress the wrongs already long enough endured. I deem it proper to say that the first service assigned to the forces hereby called, will probably be *to re possess the forts*, places and property which have been seized from the Union; and in every event, the utmost care will be observed, consistently with the objects aforesaid, to avoid any devastation of, or interference with, the property, or any disturbance of penceful citizens in any part of the country. And I hereby command the persons composing the combinations aforesaid to disperse and retire peacenbly to their respective abodes, within twenty days after this date.

Deeming that the present condition of public affairs presents an "extraordinary occasion," I do hereby, in virtue of the power in me vested, by the Constitution, convene both Houses of Congress. The Senators and Representatives are therefore summoned to assemble at their respective chamberss at twelve o'clock, noon, on Thursday, *the Fourth of July next*, then and there to consider and determine such measures as in their wisdom the public safety and interest may seem to demand.

In witness whereof I have hereunto set my hand and cause the seal of the United States to be affixed.

Done at the City of Washington this fifteenth day of April, in the year of our Lord one thousand eight hundred and sixty-one, and of the Independence of the United States the eighty-fifth.

ABRAHAM LINCOLN, President.

WM. H. SEWARD, Secretary of State.

A FROZEN SHIP.—A whaling vessel, which sailed from London in the year 1840, found in the Polar seas a ship embedded in the ice, with sail furled and no signs of life on board. The captain and some of the crew descending into the cabin, found coiled upon the floor a large Newfoundland dog, apparently asleep, but when they touched it they found the animal was dead, and frozen as hard as a stone. In the cabin was a young lady seated at the table, her eyes open as if gazing at the intruders in that desolate place. She was a corpse! and had been frozen in an apparently resigned and religious attitude. Beside her was a young man, who it appeared was the commander of the brig, and a brother to the young lady. He was sitting at the table dead, and before him was a sheet of paper, on which was written, "our cook has endeavored to strike a light since yesterday morning, but in vain; all is now over." In another part of the cabin stood the cook, with flint and tinder in hand, frozen, in the vain endeavor to strike the fire that alone could save them. The terrors of the seamen led the captain from the spot, who took with him the log book as the sole momento of the ill-fated ship. It appeared that she also was from London, and had been frozen in that place over fourteen years.

THE WHITEWASHING SEASON.—The season for whitewashing having arrived, the following directions for making in door whitewash, may not be out of place: For a moderate sized house, say eight rooms, about thirty-three lbs. Paris white, and one lb. best white glue are needed. Dissolve the glue in hot water; ti is make a thick wash with the Paris white and hot water, and add the dissolved glue and sufficient water to make the wash of the proper consistence. As the mass stiffens over night, isad better to mix each morning what is wanted during the day. If left over night, warm, or add hot water to make it limpid. The Paris white is chalk cleansed from it impurities, and is only a very pure whiting—better than is ordinarily used for making putty. Some use the Cooper glue, which is considered the best, but any good *white* glue will answer. It costs about fifty cts. per lb. at retail, and the Paris white three cents per lb. Both articles can be obtained in almost every city or village. The above makes an excellent whitewash, clean and white, and not easily rubbed off. Its first cost is more than lime wash, but it is more durable, and for nice rooms it is far preferable.

Beauregard and Walker.

The following are telegraphed as copies of a correspondence which passed between General Beauregard, commander of the Confederate forces at Charleston, and L. P. Walker, Secretary of War of the Southern Confederacy:—

Charleston, April 12.

The fight has commenced. This is all I can say at present.

SECOND DISPATCH.

Charleston, April 12.—The ball has been opened at last, and war is inaugurated. The batteries on Sullivan's Island, Morris Island, and other points, opened on Fort Sumpter at four o'clock this morning. Fort Sumpter returned the fire and a brisk cannonading has been kept up. No information has been received from the seaward yet. The militia are under arms, and the whole of our population are on the streets. Every available space facing the harbor is filled with spectators.

THIRD DISPATCH.

Charleston, April 12.—The following is the telegraphic correspondence, which took place between the War Department of the Confederate Government and General Beauregard immediately preceding the commencement of the hostilities. The correspondence grow out of the formal notification of the United States Government disclosed in Gen. Beauregard's first dispatch.

CORRESPONDENCE.

No. 1. *Charleston*, April 8th.—To Hon. L. P. Walker, Secretary of War:—An authorized messenger from Lincoln has just informed Gov. Pickens and myself that provisions will be sent to Fort Sumpter peaceable if possible, otherwise by force.

Signed, G. C. BEAUREGARD.

No. 2. *Montgomery*, April 8.

Gen. G. C. Beauregard, Charleston: If you have no doubt of the authorized character of the agent who communicated to you the intent of the Washington Government to supply Fort Sumpter by force, you will at once demand its evacuation; and if this is refused, proceed in such manner as you may determine, to reduce it. Answer.

Signed, L. P. WALKER, Sec'y of War.

No. 3. *Charleston*, April 10.—L. P. Walker, Secretary of War:—The demand will be made to-morrow at 12 o'clock.

Signed, G. C. BEAUREGARD.

No. 4. *Montgomery*, April 10.—Gen. Beauregard, Charleston:—Unless there are especial reasons connected with your own condition, it is considered proper that you should make the demand at an earlier hour.

Signed, L. P. WALKER, Sec'y of War.

No. 6. *Charleston*, April 10. L. P. Walker, Secretary of War, Montgomery:—The reasons are special for twelve o'clock.

Signed, G. C. BEAUREGARD.

No. 6. *Charleston*, April 11. To L. P. Walker, Secretary of War:—The demand was sent at two o'clock. Allowed till six to answer.

Signed, G. C. BEAUREGARD.

No. 7. *Montgomery*, April 11. Gen. Beauregard, Charleston, telegraph the reply of Anderson.

Signed,

J. P. WALKER, Sec'y of War.

REPLY OF ANDERSON.

No. 8. *Charleston*, April 11. L. P. Walker, Secretary of War:—Maj. Anderson replies as follows: "I have the honor to acknowledge the receipt of your communication, demanding the evacuation of the fort and to say in reply thereto that it is a demand with which I regret that my sense of honor and of my obligation to my Government prevent my compliance." He adds verbally: I will await the first shot, and if you do not batter us to pieces we will be starved out in a few days." Answer.

Signed, G. C. BEAUREGARD.

No. 9. *Montgomery*, April.—Gen. Beauregard, Charleston:—We do not desire needlessly to bombard Fort Sumter if Major Anderson will state the time at which, as indicated by him, he will evacuate, and agree that in the meantime he will not use his guns against us unless these should be employed against Sumpter. You are authorized to prevent the effusion of blood.

TEXAS TROOPS AND TWIGGS' TREASON.—A U. S. soldier from Texas writes to the N. Y. *Post*, dehying that the men there were demoralized and infected by General Twiggs' treason. He says: "When the news reached us at Fort Brown, a thrill of indignation ran through every soldier's breast, and nothing but respect for one who had been our superior officer, or rather respect for the office he had filled, prevented a loud expression of our surprise and contempt. As it was, we could not be prevented from talking among ourselves. One of our men, who was considered a sort of spokesman among us —one who is as brave as a lion and true as steel —was grooming his horses when he first heard of it. Some one told him that General Twiggs had surrendered the government troops and property. He turned on his informant and said: 'General Twiggs may surrender the property to the traitors; he may give himself up, and he can take my horses here; but he can't make me or any other Union man surrender.' There was no audible response to this, but the looks of every one who heard him were expressive of their determination to serve that government faithfully into whose service they had voluntarily entered, and whose bread and butter they were eating."

UNITED STATES TROOPS.—Several car loads of United States soldiers arrived here last night over the Lebanon Valley Railroad and proceeded directly to Carlisle barracks, where they will remain until their services are required by the government. No information could be obtained from the officers or privates, who declined answering all questions. It is expected that a large body of troops from the west will arrive here in a few days en route for Washington city.—*Har. Telegraph, 13th.*

CHILDREN TEETHING

MRS. WINSLOW, AN EXPERIENCED NURSE AND FEMALE PHYSICIAN, presents to the attention of mothers her

SOOTHING SYRUP,

FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflamation, will allay pain and spasmodic action, and is *sure to regulate the Bowels.*

Depend upon it, mothers, it will give rest to yourselves, and Relief and Health to you Infants.

We have put up and sold this article for over ten years, and can say, in confidence and truth of it, what we have never been able to say of any other medicine—never has it failed, in a single instance, to effect a cure, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak of this matter "what we do know," after ten years' experience, and pledge our reputation for the fulfilment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most experienced and skillful nurses in New England, and has been used with never-failing success in *thousands of cases.*

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve *Griping in the Bowels and Wind Colic*, and overcome convulsions, which, if not *speedily* remedied, end in death. We believe it the *best* and *surest remedy* in the world, in all cases of Dysentery and Diarrhœa in children, whether it arises from teething or from any other cause.—We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—yes, absolutely sure—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world, and by G. W. Kessler and A. Roush, druggists, Altoona. Price 25 cents per bottle.

LABOR-SAVING WASHING MACHINE.

THE UNDERSIGNED HAVING purchased the right for Blair county, of

Tolhurst's Improved Washing Machine,

are now manufacturing them at Altoona, and intend to supply them to those persons throughout the county who desire a LABOR-SAVING MACHINE.

This machine is got up on an entirely new principle, and is considered, by those who have seen it in use, the best that has ever been brought before the public.

Among the many advantages of this machine over all others may be mentioned the following:

1st. Its simplicity of construction, making it almost impossible to get out of order.

2d. Its speed, which astonishes alike the operator and the looker-on.

3rd. The facility with which it adapts itself to the bulk or quantity of clothes desired to be washed.

4th. It washes equally well the finest and lightest fabric or the coarsest and heaviest, such as bed-quilts, comforts, blankets, &c.

McINNS & DERN,
Altoona, Blair County, Pa.

We the undersigned, hereby certify that we are now using Tolhurst's Improved Washing Machine and are fully satisfied that it is a very excellent article of the kind; combining as it does great speed with little labor, and performing its work in the most satisfactory manner. PROF. L. MILLER'S HAIR INVIGORATOR!!

AN EFFECTIVE, SAFE AND ECONOMICAL COMPOUND.

FOR RESTORING GRAY HAIR to its original color without dyeing, and preventing the hair from turning gray.

FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or recuperative energy remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections at the Scalp.

FOR BEAUTIFYING THE HAIR, imparting to it an unequalled gloss and brilliancy, making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from *dandruff and other cutaneous diseases*, causes the hair to grow luxuriently, and gives it a rich, soft, glossy flexible appearance, and also where the hair is loosening and thining, it will give strength and vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a *fresh covering of hair*.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the *hair from turning gray* until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty *restore it to its original hue*, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in *dressing the hair*, which, when moist with the Invigorator can be dressed in any required form so as to preserve its place, whether plain or in curls—hence the great demand for it by the ladies as a *standard toilet article* which none ought to be without, as the price places it within the reach of all, being,

ONLY 25 CENTS

per bottle, to be had at all respectable druggists and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of the Invigorator, in cases where the childrens' Hair inclines to be weak. The use of it lays the foundation for a *good head of hair*, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.

CAUTION.—None genuine without the fac simile LOUIS MILLER being on the outer wrapper; also, L. MILLER'S HAIR INVIGORATOR, N. Y. blown in the glass.

Wholesale Depot, 56 Dey St., and sold by all the principal Merchants and Druggists throughout the world.

Liberal discount to purchasers by the quantity.

I also desire to present to the American Public my

New and Improved Instantaneous LIQUID HAIR DYE

which after years of scientific experimenting I have brought to perfection. It dyes Black or Brown instantly without injury to the Hair or Skin, warranted the best article of the kind in existence.

MOFFAT'S LIFE PILLS and PHŒNIX BITTERS.

THESE MEDICINE HAVES NOW been before the public for a period of thirty years, and during that time have maintained a high character in almost every part of the globe, for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

The following are among the distressing variety of human diseases in which the

VEGETABLE LIFE MEDICINES

are well known to be infallible.

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind; FLATULENCY, Loss or Appetite, Heartburn, Headache, Restlessness, Ill Temper, Anxiety, Languor, and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

COSTIVENESS, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days.

FEVERS of all kinds, by restoring the blood to a regular circulation, through the process of respiration in such cases, and the thorough solution of all intestinal obstruction in others.

The Life Medicines have been known to cure RHEUMATISM permanently in three weeks, and GOUT in half that time, by removing local inflammation from the muscles and ligaments of the joints.

DROPSIES of all kinds, by freeing and strengthening the kidneys, and bladder; they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of GRAVEL.

Also WORMS, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

SCURVY, TETTER, INVETERATE SORES, by the perfect [illegible] which these LIFE MEDICINES give to the blood [illegible] humors.

SCORBUTIC ERUPTIONS and BAD COMPLEXIONS, by their [illegible] effect upon the fluids that feed the skin, and [illegible] of which occasions all eruptive complaints [illegible] low, cloudy, and other disagreeable complexions.

[illegible] of these Pills for a very short time will effect an entire [illegible] of SALT RHEUM, and a striking improvement in the [illegible] of the skin. COMMON COLDS and INFLUENZA will always be cured by one dose, or by two in the worst cases.

PILES.—The original proprietor of these medicines, was cured of Piles, of 35 years standing, by the use of the Life Medicines alone.

FEVER & AGUE.—For this scourge of the Western country, these medicines will be found a safe, speedy and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent—try them, be satisfied, and be cured.

BILLIOUS FEVERS and LIVER COMPLAINTS.—General debility, loss of appetite and diseases of females—the medicines have been used with the most beneficial results in cases of this description:—Kings Evil and Scrofula, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. Night Sweats, Nervous Debility, Nervous Complaints of all kinds. Palpitation of the Heart. Painters' Colic, are speedily cured.

MERCURIAL DISEASES.—Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury, infinitely sooner than the most powerful preparation of Sarsaparilla.

Salt River Passengers, Ho!

AS THE SUBSCRIBER WILL BE under the necessity of leaving early in November for the head waters of Salt River, in the ship UNION, which will *positively* sail about that time; and knowing that many of my friends will go along and will want an outfit, I take this opportunity of informing them as well as all my old friends and customers, that I have just returned from the East, where I purchased a large stock of Goods, which I am now opening at my store in North Ward, to which I invite inspection. It's the

LARGEST AND HANDSOMEST

as well as the CHEAPEST lot of Goods brought to the town this fall. The reason why I say the CHEAPEST is obvious to every reflecting mind, because as the season advances (the merchants in the east say) prices decline, therefore I have an advantage of from 20 to 25 per cent. over those who purchased early in the season, and I can and will sell cheaper than any other house in the place. Purchasers will thus at once see the propriety of at least examining my stock before buying elsewhere. My stock consists of all the newest styles of

There is no trouble from smoke as that unpleasant and often annoying exhalation is also consumed inside of the stove. Neither is there any danger of flues or chimneys becoming clogged with soot or the mortar loosened by the gas arising from coal fires.

Persons wishing to purchase stoves are invited to call at the store of the subscriber, in the Masonic Temple, and examine the above stoves. JOHN SHOEMAKER,

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BITTERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhœa, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.
